

## 1. Download the StoryCorps App

Download the StoryCorps App to your mobile device and create a free account. This account will be used to prepare, record, save, and share your interviews. You can also browse our collection to listen to stories that others have shared.

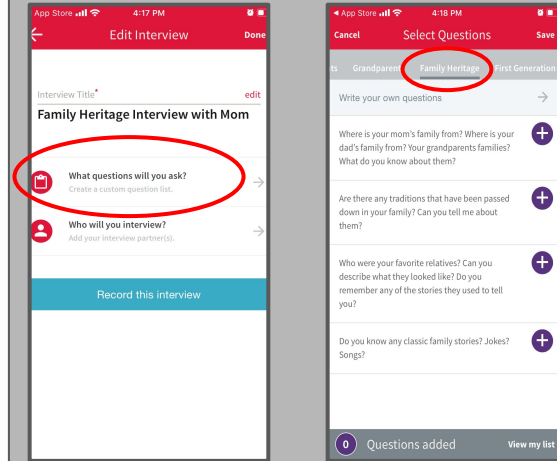

## 2. Partner, Prep, and Place

To record an interview, all you'll need is a partner, some prep time, and a quiet place. Your partner can be anyone you'd like to get to know better.

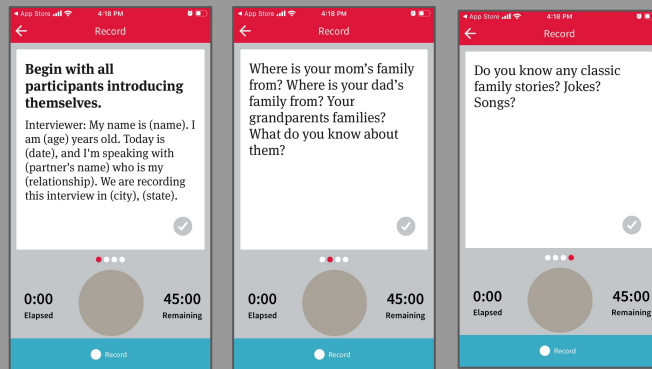

## 3. Choose the “Family Heritage” interview questions from the “Select Questions” toolbar

You can choose your interview questions from question lists provided in the app, or write your own. Arrange a time when both you and your partner will be relaxed, and choose a quiet, comfortable place where you won't be interrupted.

## 4. Have a Conversation

Follow the prompts in the app to begin recording, and let the conversation flow! Listen closely, and let your chosen questions guide the discussion, not control it. Make sure you ask follow-up questions. You never know what unexpected and wonderful new things you will learn about a person—no matter how well you think you know them.

## 5. Enter Photo, Title, Keywords, and archive (Sharing is optional).

In order to allow future generations to find, listen to, and learn from the stories you and your partner just shared, you will have the option to share your recording on the StoryCorps website and have it archived at the Library of Congress.
